About Us

Full Stack Developer with 1+ years of professional experience developing scalable web and mobile applications using React.js, Next.js, React Native, Node.js, NestJS, PostgreSQL, MongoDB, and Prisma ORM. Experienced in building enterprise CRM systems, business management platforms, and e-commerce solutions. Currently pursuing a Master of Computer Applications (MCA) while gaining practical industry experience in full-stack development. Passionate about creating efficient, scalable, and user-focused software solutions using modern technologies.

Skills

- **Frontend:** React.js, Next.js, React Native, Expo, JavaScript, TypeScript, Tailwind CSS, ShadCN UI
- **Backend:** Node.js, Express.js, NestJS, Fastify
- **Database:** PostgreSQL, MongoDB, Prisma ORM, Mongoose
- **Tools:** Git, GitHub, Postman, VS Code, pgAdmin

Experience

CONFIDEV TECH

Start: 06/2025 - Present

Role: FullStack Developer Link: confidevtech.com

- Developed and maintained enterprise CRM and business management platforms.
- Delivered key modules including Lead Management, Track & Trace, Manufacturing, and Finance Management.
- Built scalable APIs, database workflows, and workflow automation solutions.
- Developed responsive web and mobile applications using React.js, Next.js, React Native, and Node.js.

Projects

Furnix - CRM Web Application

Duration: 08/2025 - Development

Role: FullStack Developer Link: furnixcrm.com

- Developed an enterprise CRM platform to streamline the complete project lifecycle from lead generation to project delivery.
- Built and enhanced Lead Management, Production Management, Dispatch Management, and Customer Relationship Management modules.
- Implemented Track & Trace workflows with real-time production visibility and barcode/QR-based process monitoring.
- Developed scalable APIs and database workflows to support manufacturing, franchise, multi-vendor, and finance operations.
- Built responsive web and mobile interfaces using React.js, Next.js, React Native, and Expo.
- Contributed to workflow automation, role-based access control, reporting dashboards, and business process optimization.

Pestobazaar - E-Commerce Mobile Application

Duration: 04/2025 - Development

Role: Application Developer Link: pestobazaar.com

- Developed a cross-platform e-commerce application for Android and iOS using React Native, Expo, and modern mobile technologies.
- Implemented Google Authentication, Razorpay Payment Gateway, Deep Linking, and secure user onboarding workflows.
- Built core e-commerce features including Product Catalog, Product Details, Cart Management, Checkout, Order Management, Returns, and Refunds.
- Integrated scalable APIs and optimized mobile workflows to deliver a seamless shopping experience across multiple devices.

- Developed reusable components, interactive UI animations, and responsive interfaces using React Native Reanimated and modern application architecture.
- Independently developed and maintained frontend application modules, contributing to the complete mobile application development lifecycle.

Education

Master of Computer Applications (MCA)
Gokul Global University

2025 – Present

Bachelor of Computer Applications (BCA)
Tilak Maharashtra Vidyapeeth

2022-2025
